

Greetings again from Capacitec!

Gapman Solutions is your resource for all things related to state-of-the-art portable gap measurement devices, the Gapman GEN3 and Gapman GEN4. By offering exceptional resolution, readability, and unmatched speed, the Gapman is your ultimate solution for precision gap sensing.

In this Edition: Coating and EV Batteries

Our second issue delves deeper into the captivating realms of Coating in EV Battery industries. Be sure to visit our [Slot Die Coating](#) page to see the Gapman in action and see our family of wand holders optimized for your specific gap applications and coating equipment.

To learn more about how our technology has revolutionized product improvement for our customers, through certifying roller and slot die gaps across diverse manufacturing sectors, simply **reply** to this email.

Additional Focus on Critical Gap and Displacement Measurement

Capacitec serves a wide range of manufacturing sectors, each benefiting from our cutting-edge technology. Explore our other applications and industry solutions: [Aerospace](#), [Automotive](#), [Semiconductor](#), [Power Generation Applications](#), and other [Extreme Sensor Environments](#).

Get in Touch

Ready to move beyond traditional feeler gauges?

[Tell us About your Application](#)

Capacitec's advanced gap measurement solutions deliver greater accuracy, reliability, and efficiency than those outdated mechanical options. Our application engineers are here to help you optimize your operations.
